I am just waiting to confirm one more of the events which will seal the schedule otherwise we have a contingency in place which will be fine. I should have a definite answer before the end of the year.
Sorry for the delay.

:) :) B) :P :huh: :dry:

If you come to this months club meeting, Club President Kenny Case will be announcing the 2017 Classic Lake and I will have contour maps for the lake. We also have to speak about our awards night. Hope to see you all. Would anyone like to suggest a seminar that you would like to see by another club member? I do J.P. on late Fall fishing with blade baits.
