
Outcast Family Fun Day 2017

Saturday June 24th, 2017 Outcast Family Fun on Oscawana Lake was truly a Fun day.

5 boats with an assortment of anglers competed for the trophy. 5 fish limit per boat with a lunker bet being the only payout as this is a fundraiser for the club. :)

The morning start time of 8:00 AM began with a bit of rain that quickly ended and a gradual clearing of the clouds made for a nice weather day to be on the water.

Coming in with a limit of Largemouth, after all there are no Smallmouth in Oscawana, was the team of Kenny, Roseann and Isabella Case who weighed in 9 Lbs. 6 Ozs. and had the tournament lunker a 4 Lb. 1 Oz. Bass that was caught by Isabella. The team caught Bass using Senkos for Roseann and Isabella and 7" Berkeley Power Worms for Kenny, all of the Bass were caught in the weeds in 6 to 12 feet of water.

Coming in 2nd was Dennis Packes and Francine who also brought in a limit of Largemouth weighing 9 Lbs. even!

Dennis will come on here and speak of how they caught their Bass.

Taking 3rd today was the team of Mike Krug,

with Albert and Jake who also came in with a limit weighing 8 Lbs. 2 Ozs. I will also ask that Mike give us details of the catch.

Coming in 4th today was the team of Vito Anzaldi with Theresa, Angela and Victoria, they came in with 3 Bass weighing 5 Lbs. 7 Ozs. I will ask that Vito also give us some details of their day.

Rounding out the top 5 was the team of John and Steve Angrisano who came in with 3 Largemouth at 4 Lbs 9 Ozs. John can also give us some of the days events.

It's always great to see these guys and gals on the water and we look forward to a larger turnout for next year's event.

Until they are caught and shown to me, they don't exist there! I have fished there for 24 years and caught lots of species and have seen many tournaments and never was a report or a Smallie weighed in, So that is called urban legend just like bigfoot!
