Congrats Brian & Joe on a Terrific win on an extremely tough day.
You guys had the only Pattern that worked.
There was another 29 boat TX that was won with 13 lbs.
Also one of the best fisherman on Candlewood, Who fished with the other club, didn't even get bit on Saturday!

Frank that at the very least says it was a very tough day no matter who you were on the lake!
Of course congrats to Brian and Joe good catch and also to Kevin!

Kenny,
I fished hard for 8 hours and didn't get bit! I was ready to go home and sell all my fishing equipment (or break it all)

Until I heard that this other fisherman didn't get bit also. This was a relief to me that I was not the only one.

Our winners figured something out - Congrats again.

Congrats to winners

Now u guys are making me feel better about Candlewood.lol I had a grand slam as paul says, smallie,largie,rock bass & a yellow perch. Lol & 2 other fish that came off.
For those that only fish candlewood 2 or 3 times a year, this is how this place has been. 1 or 2 guys findem ,5 fish is a good day. Lack of small fish is very concerning in my opinion.
