We have a 10 boat limit and are currently at that limit. 2 members per boat is what we are looking for. If you wish to fish this tournament you will have to work it out with someone with an open seat. If there is any problem with that the only other solution will be to cancel the event!

This is for discussion purposes only. I believe that the first 10 boaters that register should have the first opportunity to fish. If one of the 10 is a single boater they should have an opportunity prior to the draw to get a partner or if someone registered after 10 to possibly fish with them. If someone were to fish without a partner after having it scheduled for the draw they would be assessed a 1lb penalty. Again this is for discussion purposes only.

What if we have 12 boats and everyone has a partner

2 ideas...people who register in person at the meeting get preference...or just make it a draw tourny

I think it should be first to sign on with a partner should be able to fish. And after the first 10 whoever signs up should be on standby ,just a thought. Lets talk it out at the meeting.

Only true fair way is to draw who is a boater...so if we have 11 boats draw the top 10..then draw there partner or team up after..also there should be consequences if you sign up then dont fish..jmho

Okay now we have 11 boats.

If we settle this it will be at tonight's meeting and if we don't ALL agree on the settlement the tournament will be cancelled!

If you have a stake in this show up tonight.

Most likely Bantam will be out next season.

It's all bullshit you can't make rule changes mid season!

solved.....

Cowboy Bill and the Bum

Thank you guys very much!

This tournament is booked and no one else can just show up to fish this one, if anyone does they will not be participating in the tournament.
