Congrats to My Partner Kevin, Mike and Jimmy on a Very Tough and Very Wet Day. We were lucky that we fished during the Front

I know a couple of Very Good Fishermen who only caught 2 fish all day at E Twin and one of the two was skunked!

Congratulations to Kevin Kohler taking 1st Place.  
Congratulations Mike Wiltshire taking 2nd Place.  
Congratulations Jimmy Kancza taking 3rd Place.  
It was an extremely tough day trying to get a bite and very tough for me bringing in a skunk!  
Maybe I should take up golf instead!

It was a tough day but somebody always catches them. Congratulations to Kevin, Mike W. and Jimmy for their top-three finishes. Also congratulations to Mike W. for winning big bass of the tournament. Also I want to acknowledge Nicky "The Kid" Wiltshire with a 3 lb 7 oz bass that helped him land a 7th place finish. Keep it up kid your leading the Rookie of the Year standings. By the way where is John M.? Hope to see you back on the water again. Hope all is well. I have not seen you since John A. and I helped you with your trailer Flat after Highland.

Joe, when John Maly joined he asked if there was a minimum amount of tournaments he had to make because he may only make two or three. I told him even if he never fished it is still okay to be a member! So don't worry he has already made what he said he might get to. There probably won't be any "race" for rookie of the year.

Kenny -we have all had a bad day at fishing and skunked. I remember fishing for 8 hours without a bite UGH.

Remember great athletes even have periodic slumps. You are one of the top anglers in the club don't let this one TX get you down.
