Big D,dont take me the wrong way,Im just being serious. Maybe 5yrs ago Candlewood was an easy limit,but lmo not the last 3yrs yet the only basis I have of that is only from my 15 trips or so a season there. In all seriousness when was the last time you fished there???

Hey JP you had a nice bag. And one healthy one 4.8. By the way on the weigh-in sheet Bill didn't put down the breakdown of your Bass. How many fish did you catch and how many one largemouth and smallmouth?

Thx joe..I think Big D put a jynx on me..hehe...I cant stop thinking about the bag I would of had...they were jumping like mad yesterday.. I knew I had till 11am to get my fish & that 4n half came right @ 11. I didn't think I was gonna make up for the giant smallie I lost 20 minutes before her (even the booze cruise gave me a big oooooooh)..lol i wanted to scream... but too many people around..lol

I had 3 largies & they all came from the grass on steep drop offs...
