
Congrats to Kevin K. On winning TEAM tourney # 2

Congratulations to Kevin Kohler for winning Outcast Bass Angler's 2nd team Tournament of the year, all by himself. Kevin put together the only limit of the tournament from what I heard mostly with jigs after getting a small limit first. The wind was howling which caused Havoc for most Anglers but as Kevin has proven in the past he was able to find a pattern and put it to work for another victory. Big bass was taken by Mike Krug who weighed a 4 lb. 14 oz. Lunker Largemouth.

I missed this tournament due to stomach problems. I am really, really proud of my fishing partner for winning this very tough Tournament by finding a big fish pattern!
