Honestly not sure about this 1.

This lake didn't excite me too much..

But put me in just incase..

Adonis, please don't wait until the last couple of days before the tournament to register, you may not realize but I have to do paperwork and preparations prior to each tournament and by waiting so long you are creating a situation where I have to do this paperwork over again!
So take a look at the schedule and watch the web site 2-3 weeks before and register on time!
By the way you are now the start boat! Make sure you are ready!
