Never fished with tungsten before? You've come to the right place because that's exactly what this pack is all about! The Intro Pack is a combination our most popular tungsten and accessories and it's less than 20 bucks! Tungsten is not only smaller than lead, the density of the metal makes it much more sensitive so you feel absolutely everything.

Purchased separately, this would cost \$28.94. It includes one package of each of the following:

1/4 oz Never Chip Flipping Weights (3 pack)

3/16 oz Green Pumpkin Shaky Heads (3 pack)

1/4 oz Tear Drop Invisashot Drop Shot Weights (3 Pack)

Black Flipping Beads (15 pack)

WOO! Stops (18 pack)

Finesse Kit (21 piece)
