
1997 Bass Tracker

Posted by Anthony - 2009/03/30 09:15

Selling my boat. Trying to get 4500 with everything. It has a 2004 yamaha 70 with ss prop, new control and guage. 70lb thrust maxum (2yrs old)new wiring and plugs for the boat (2Ga), Lowrance 334c with gps and Northeast card, fishmark 480, threebank charger, new batteries for trolling motor last year, extra aerator in live well, all new pumps last year, galvanized trailer w/ new leaf springs, all new switches, and whatever else I put in. I'm sure I missed a few things. I know no one in outcast will want it but if you know of anyone I'd appreciate a good word. I will start parting it out if it doesn't sell but not untill I give it some time. My cell is 631 987 3585

Anthony
