Guys I have a New still in the box Craftmans work bench. I opened it up to ,ake sure everything is ok, but the door (which you really dont need) is bent. I don't remember how long it is maybe 4ft. It has a peg board back. GREAT for garage or basement.

I'm looking to GIVE IT AWAY... Want it out of my garage....

I can drop it off on Sunday or any weekend only.. Please I'm not crossing bridges...

Let me know first come first served..First E-mail back gets it.. And YES NO RETURNS..

Thanks

Bob G

You got it Mike... I'll talk to you during the week or Sat'. it's very heavy I'll bring it to you.

I'll get the pick up from work it has a lift gate.

Everything is in the box including the directions...

Thanks...
