
Ford Explorer for Sale

Posted by Joe - 2008/12/31 18:36

.I got a "new" used vehicle. A 2005 Explorer XLT. Therefore I am selling my old '96 Explorer. If anyone is interested it has 139,000 miles and is in good shape. It has a 3.7L V6 and is a 4X4. PW, PS,PM, AM/FM cassette, etc. I just sunk \$2,700 this past summer and replaced 6 fuel injectors. I have all my maintenance records since I purchased it in 2000. It runs fine but will require minor engine work if you want it to purr. Right now it runs great when warmed up but rough when cold. Call me for details. I will tell you what my mechanic told me. Asking \$2,000 OBO.
