I reviewed before. I think edmunds was just over 15k. I factored in the \$800 bed cover and the money just spent on brakes, rotors, and pipes. No can I trade. Ludicrous.

I was in the new 150 lariat yesterday. I'll be joining the family.

Mike Keep in mind that if You trade that baby in for 12K you will save an additional 41038 in sales tax off the price of the new truck. So a 12K trade in gives you 13038.00
