That would be the guy with his name next to the number 1. Seriously did you look at it? Let me know if you don't understand it. :huh: :huh: :huh:

31. Drop Rule..... If you fish all the tournaments in a given season you must drop

one tournament for purposes of the year end standings. If you do not fish every

tournament in the season then you will not have to choose a tournament to drop.

(I thought about it with rule #31 in play at this point)I looked at it,but not that seriously

Paul, I see your point, however at this point in time no one has fished all of the seasons tournaments so we must count all the results for the purpose of the standings! Obviously if someone skunks a tournament and fishes all of them he would choose the skunk for his drop and it does happen.
