If you like to be the one "Bringin' the Footsteps" then I'll be glad to keep listening as long as you stay back there stompin'....
One piece of advice, You need to get rid of those smooth, extra sharp hooks your using and those lost fish will be a thing of the past. Old original half rusted hooks hold fish much better, the rust acts like Velcro:blink: ;)
Looking forward to the last 2, spent all day in Hooked Solid shop preparing my artillery...Good Stuff Boys
