
Oscawana IS this Saturday 9/3

Guys...1. Tx will be held this Saturday 2. We put a call out to the marina to see if next weekend was a possibility. The phone lines are down so we could not make any contact. We cannot wait days to find out. 3. Dpack has his friend checking on the roads to make sure they are all safe...most likely they should all be fine by Saturday. 4. Call me or Kenny if necessary.

So if Mike does win, do we put a asterisk next to his name since he won by default?

Paulie can't fish?.. I didn't know. Guys, other options were sat/ sun Oscawana and bantam which I don't think most guys could pull off or the Saturday before the classic which would be 3 weekends in a row. I asked kenny to try for the 10th, the non holiday weekend (jimmy I agree with you) but since we can't make contact with no phone service we're kinda running out of time.
