Dennis call me. The ordering process is confusing. You have to download the PDF file instead of just filling out a form.

Most of those shirts suck!

Just my opinion but they really do look like a blind guy designed them! :woohoo: :blink: :unsure: :dry:

Dennis' shirt looks pretty cool as well as the Venom shirt and a couple others. What price range do these custom shirts run?

I agree Dennis. Now I'm not interested in sponsors. But I feel sharper with a cool tournament shirt on.

Maybe you should try these people

<http://www.printedtp.com/>. You can leave your mark all over the Tri-State area. And I think you would be King Shit with your custom rolls.
