Hey Kenny I was able to open up the tournament report which was a PDF for some reason I cannot open up the angler to your standings.

Joe it's an excel file so if you're trying to open it on your phone it probably won't work! In the past I have used this file format because the PDF file is to large for the site to accept and never heard any complaints.
The only fix for all these troubles is to get the site redone to make it a mobile app, that's probably costly "$$$"

I had no trouble opening it

Joe, get a new phone :laugh:
