
Emergency trailer parts

Posted by Joe Smooth - 2022/05/11 16:54

Just fyi and I hope nobody ever needs them, but I carry these items in my truck throughout the season.

Spare tire

Brand new HUB with new packed bearings

Spare leaf spring

Small floor jack

Box of tools including 12v air compressor.

See you guys on Friday. Safe travels.

Thanks Joe and hopefully we all make it without a breakdown!

I also have a spare vortex hub and the tools I need for most situations, and I can get a 100 mile flatbed tow for the trailer at no cost.
