
Salt with Bags and Paint 7.3.09

Had a great time with Jimmy and Joe. We started out catching a mess of bluefish on topwater. We kept a bunch for Jimmys dinner table. We switched to fluke and within a few minutes we had the nastiest storm moving right towards us. Just before it hit Joe had his GOGO GADGET rainsuit out in a flash as Jimmy and I got drenched. Tied up the boat til and passed and caught some fluke, robins and a big nasty skate. Good Times.

Joe also lent me his go go gadget filet knife. I didn't do to bad considering I only clean maybe 1-2 fish per year. Jimmy hope they tasted good and I didn't leave any bones.

I have been out with Mike many times and usually get back with dead arms from so much action! :cheer: :cheer:
