lasted an hour. It was cold, in the low 53 all day. We caught over 30 fish an	and headed out in search of jerkbait crazy smallies. There was a light sprinkle that 50's all day but the fishing heated up as the day moved on. Water temps were 52-d all were about 2 to 3 lbs with a few almost 4lbs. We caught them on a variety of paits. http://outcastbass.com/images/fbfiles/images/4_17_2010_Angry_Mike.jpg
