
Send a Kid Fishing Program

Hey Guys,

I am making an appeal for donations for a great program run by the LI Fisherman Magazine, it is called the "Send a Kid Fishing Program". I have been involved with the program since the 90's when I worked for Tempo Youth Services. The program has not been advertizing and is low on funds. So I am doing my part to try and keep a good thing going. With the donations the Fisherman charts out local Party boats so that organizations and or groups such as my old youth center , church groups etc., can give young people a chance to experience fishing. Hopefully turning it into a life skill for a few of them. Please consider a donation of any amount and send it to:

Do you want the one with teeth or without? Oh yeah, and your donation is a little different, it is by the hour.
