
What's your opinion of this reel?

Posted by Joe - 2011/12/26 16:15

Mike, or anyone who wants to chime in, what is your thoughts on this reel?Okuma Alumina Casting Reel - \$49.99DescriptionSpecificationsCustomer Reviews.MSRP \$99.99, 50% Off!

Delivering lightning fast performance thanks to its 7.3:1 gear ratio, the Okuma Alumina Casting Reel also features two cast control systems - an external Magnetic Braking System and an internal Centrifugal Braking System. The dual systems combine to provide complete casting control in any conditions - regulating spool speed from the beginning to the end of each cast. A specially designed A6061-T6 Machined Aluminum, Anodized V-Shape Spool also ensures consistently even line lay, while a Zirconium Line Guide insert provides the added toughness to withstand the rigors of braided lines.

The Alumina's ALC Rigid Diecast Aluminum Frame, combined with its lightweight Graphite Side Plates, provides a solid base, and five ball bearings ensure consistently smooth functioning. Delivering up to 11-lbs of Max Drag, the Multi-Disc Composite Drag System also allows for precise drag settings thanks to the Micro-Click Drag Star. Offering compact, low-profile baitcasting performance, the Okuma Alumina delivers blazing fast speed and lightweight power for a great price.

Additional Features:

Ergonomic Handle Design

Backed by Okuma's Limited One-Year Warranty

Featuring a lightning fast 7.3:1 gear ratio, the Okuma Alumina Casting Reel is also equipped with dual braking systems - providing the ultimate in cast control in any conditions.
