Good condition, a few scapes and bumps but NO major damage. Very stable Boat! has fished lake Ontario, northern Champlain with no problems. Great starter boat for someone new to the game. or a nice upgrade for some looking for a bassboat. Lowrance HDS ( not included ) recorded top speed at 45 mph last summer. Engine runs great. carbs were rebuild last spring.

Leigh can always Jew 'em down!

My boat is a 1985 and I think that the condition that it is in that it would be worth \$3,000. It depends how well the boat was cared for.(garaged, maintained etc.)
